I know that we never lose the people we love, even when they pass. They continue to be in our thoughts almost daily. Their love leaves an imprint on our hearts forever. We find comfort in knowing that our lives have been enriched by having shared their love. We can move forward by striving to be the amazing people that they were. Jenn I can say for certain that you and the kids are amazing people and already made him proud and I know you will continue to do so for yourself and in his honour.

John Hart

To the family of Sam Magee:

The first time I met Sam, I quickly realized he was larger than life and he was one that offered much information on what it was like in the "Force" during and after the War. He gave all of us so much information that we will continue to use to remember Sam and the rest of his comrades. This will be passed on to the next generations. I will forever treasure the many phone calls over the years and his presence at the reunions.

Thank you Sam for the gift of your company and your life of giving to so many. You will always have a special place in our hearts.

There are many who are with you today, not in person but in support of your loss.

To the Magee Family:

We are so sorry to hear of the loss of William.

He was our neighbour for a few years. I loved talking to him and enjoyed hearing about the amazing things he had done in his life.

I enjoyed his accounts of military life too. One day after a Remembrance Day service I asked him about his medals.

He took the time to explain them all. I also recall him golfing on July days in extreme heat. Tough as nails! Thank you William for being a good neighbour and for your excellent service to the community and your country. RIP sir.
