John, Doug & Bill,

Albert & I would like to express our condolences on the passing of Uncle Harold. He will truly be missed especially by myself as I remember the times we had as children coming over to your house to play and end up getting teased by John! Also, there have been times when I try to remember Dad's face and all I would need to do is look at a picture of Uncle Harold and all the memories would flood back. I remember the time at Mom's funeral when Uncle Harold brought out some pictures to show us of his and Aunt Isabel's recent trip where they had the privilege of meeting Baywatch Star..David Hasselhoff. He was so tickled over that! He always had a funny story to tell! I think of you guys often, so keep in touch! Our love, hugs and prayers to all the family!

Tom and I are deeply saddened by Uncle Harold's passing. I will always remember our many visits from Uncle Harold & Aunt Isabel. Uncle Harold always telling his stories and jokes making us laugh. They always made a point of seeing us at Christmas time. I couldn't believe how much he looked and reminded me of dad in the last few years. Used to make me smile. He loved the fact that Wally came to see dad and before he died he excepted the lord and Uncle Harold loved that. I will always remember Uncle Harold's famous pictures of him and the Baywatch beauties. That made me smile. He was such a special man and always my favourite uncle! I will truly miss him more than you know!

Thinking of your family and praying for you all!

Love Tom & Christine
